

MEET TEAM SPARTA!

The Sparta team is off to a strong start! Having played in the opening game of the development camp on Monday in a 7 - 3 win against the Bullets and a roster full of players from seven Asian countries, the team is led by coaches who are eager to teach new skills, enhance abilities and encourage leadership both on and off the ice. Interestingly, the Spartans of team Sparta started out as "Team 1" led by team manager Waheed Al Arab, whose first name, Waheed, means "one" in Arabic!

Like their namesake, the Spartans are focused on their training and excellence, but our Spartans clearly have better equipment!

Yesterday's score:

Typhoon beat the Bullets 6-3.
