

### MEET TEAM TYPHOON!

Typhoon has been described as a cohesive team, hard workers, and perhaps the happiest team at camp. What makes the Typhoon team smile? It may be that they all feel the spirit of the game and are glad to be learning together here in Abu Dhabi. With a variety of backgrounds and experiences, including players from the Himalayas all the way to Connecticut, the Typhoon have shown that they are team players who are punctual, and give great effort on and off the ice.

The team consists of many developing leaders, such as Kanin Smuthkochorn who has taken an active translator's role in the team. Speaking of leaders, the coaches Ryan Hornblower, Joao Ho, Azzly and Juhani Ijäs are working well with the kids and have shown that they are great role models for the players.

**Yesterday's score:**  
Spartans beat the  
Bullets 7 – 3.
