Sport Institute of Finland

Sport Institute of Finland, Vierumäki is a versatile centre of education, leisure and sports.

The Vierumäki Group consists of the Sport Institute and the Vierumäki Country Club with a high-quality hotel and restaurant services. The Institute has more than 300.000 visitors per year, representing over 50 nationalities. The Sport Institute of Finland is the Official training centre of the Finnish Olympic Committee. Educational activities are being constantly developed and the vocational part of the Institute is a member of the HAAGA-HELIA University of Applied Sciences, providing bachelor's degree education for Sports Instructors.

Leisure and services

Sports and exercise have become an integral part of meetings, seminars and leisure. The varied and virtually unlimited athletic opportunities at Vierumäki allow everyone to choose from a variety of supervised activities. We offer high standard accommodation, restaurants with delicious food and happy staff, at your service. Whether you travel alone, with your friends or colleagues, on a holiday or in business, we offer you a memorable time in Vierumäki.

Location and nature

Vierumäki is situated on a beautiful Salpausselkä ridge in Southern Finland. Vierumäki is surrounded by more than 10 000 hectares of unspoiled wilderness. The natural surroundings make Vierumäki a unique and idyllic setting for your holiday.

Companies

Vierumäki is the leading meeting and congress centre in the country. Vierumäki offers modern facilities, the latest technical equipment and professional staff. Pleasant accommodations and delicious meals served in our restaurants combine to provide your meeting a functioning and an inspiring setting.

Unlimited Sports Facilities

Sports and exercise have become an integral part of meetings and seminars. The varied and virtually unlimited athletic opportunities at Vierumäki allow groups to choose from a variety of supervised activities. At the moment, the most popular athletic activities include curling, Nordic walking, BodyBar, and snowshoe hikes and cross country skiing in the winter.

Vierumäki Sports Institute

The institute was founded by Tahko Pihkala in 1927. Its main function is to develop, produce and market nationally and internationally competitive training, exercise and educational services in the fields of physical education and leisure.

Vierumäki unit is part of HAAGA-HELIA University of Applied Sciences and focuses on physical education and leisure activities. The first Bachelor of Sports and Leisure programme in English, tailored for ice-hockey players, started in 2002.

Atmosphere of top-level Sports

Vierumäki is the leading training and education centre for coaches and athletes in Finland. Vierumäki has always been strongly connected to top-level sports. The Sport Institute will keep developing and improving its activities so that we can continue to be the homebase of top sports in Finland. In Vierumäki the athletes and coaches train together with national- and international-caliber athletes. The atmosphere of top-level sports has a positive influence, giving an extra boost to everyone's training.

Olympic Training Centre

The Sport Institute of Finland is one of Finland's four national training centres for top-level sports. It is a versatile training centre for sports and exercise, providing educational, coaching and recreational services. The Sport Institute of Finland is the official training and coaching centre of Finnish Olympic sports.

The International Ice Hockey Centre of Excellence

Vierumäki is Europe`s leading training centre in ice sports. (IIHCE) was established in Vierumäki with the help of The Finnish Ice Hockey Association (FIHA) and Sports Institute of Finland.

Health Centre

The Health Centre of Vierumäki focuses primarily on healthy living and physical fitness. The centre is equipped with the latest testing equipment and computer technologies. The Health Centre offers a variety of services for keeping you physically and mentally fit. These include various fitness tests from simple walking stamina tests to comprehensive health evaluations involving laboratory testing. The Health Centre also offers lectures and counselling on physical exercise and health.
